

Using Zoom's All Screens Mode for Exams

Zoom's feature "All Screens Mode" allows the meeting host to request all participants to share their screen at once, presenting the host with a scrollable, side-by-side view of the participants and their shared desktops.

****All users must be updated to Zoom client version 5.17.10 or later to use this feature.***

To enable All Screens mode in Zoom:

1. Go to zoom.temple.edu
2. Sign in with your AccessNet email and password
3. Select "Settings" on the left navigation menu
 - a) In the "Search Settings" search bar – type "Screen Sharing" to modify your screen share settings
 - b) Verify that Screen Sharing is enabled
4. Under "How many participants can share at the same time":
 - a) Select "Multiple participants can share simultaneously (dual monitors recommended)"
 - b) Once you select that option – the "All screens mode" checkbox becomes available.
5. Check the checkbox for "All screens mode"
6. Select "Save"

To Launch All Screens Mode in your Meeting:

1. Select the up arrow to the right of "Share Screen"
2. Select the option "Start All Screens Mode"

- a) A pop-up window will appear before starting the All Screens Mode
- 3. **Leave “Allow participants to view shares” unchecked**
- 4. Select “Start”
 - a) Participants will be prompted to share their screen.
 - b) Each participants webcam thumbnail will appear to the left of their screen
- 5. To stop All screens Mode to return to the main session view:
 - a) Select the up arrow to the right of “Share Screen”
- 6. Select “Stop All Screens Mode”

**If you have any questions regarding All Screens Mode or Zoom, please email foxzoom@temple.edu*
